

Student Supply List

as of 6.1.2020

Students of Barbara B. Gill are required to have the following supplies. Please purchase and have them ready for the first lesson. Any supplies purchased for the student will be added to monthly tuition.

At Home Materials

Acoustic piano

Tuned at least once a year, preferably twice. (I have an excellent technician/tuner that I recommend.)
Technique will not develop properly on a digital piano.

Bench considerations

If your bench does not **adjust up and down**, the student may need to **sit on books** to be at the correct height for sitting at the keyboard.

Students who are unable to touch the floor with their feet flat will need either a **footstool** or the student will **bring the bench close** to the piano and sit at the back of the bench instead of at the front of the bench. This position will change as they grow and are able to reach the floor.

Metronome and metronome app* (A physical metronome is important for standard metronome marks, but the Metrotimer app is a tool that we also use to tap the tempo we are able to play steady and work up or down from there.)

Flashnote Derby App (\$5)

Timer, clock, or stopwatch (for managing time and drills)

Listening device/recorder

iPod, iPad or other device for downloading RCM Repertoire, Piano Safari repertoire, and Great Music and Musicians pieces. Also to view YouTube videos of performers or Barbara's videos.
