

Student \_\_\_\_\_ Age \_\_\_\_\_

**Scheduling Time for Piano/Get IT** Making time to work on piano skills **each day** is important. Dr. Suzuki said, "You don't have to practice every day, only the days you eat."

**Goals:** 1. Do 100%      2. Be consistent      3. Have confidence in yourself      4. Use practice techniques from the lesson      5. Don't give up!

Plan your practice for each day during the week and stick to it!

1. List activities that take place before school (breakfast) and after school (snack, homework, dinner, activity days, scouts, YM/YW, sports practice).
2. Fill in the places where you will practice before or after these activities so that you are prepared for your weekly lesson. Consider your daily load and plan for other activities.
